01. Identification of the substance / mixture and of the company / undertaking

Produkt identifier

KKD Antifog Cleaner

Reference No.

775 – 25 ml

Manufacturer / Supplier:

Kentzler-Kaschner Dental GmbH

Street

Mühlgraben 36

Place

D - 73479 Ellwangen

Contact for technical information

Tel. +49/7961/90 73 0

Telephone / Telefax / E-Mail

Phone: +49/7961/90 73 0 FAX: 07961/52031 /E-Mail: info@kkd-topdent.de

Emergency contact information

Phone: +49/7961/90 73 0

02. Hazards identification

No known special hazards.

Risk identification

Moderately irritating to mucous membranes, acute non-toxic, no particular health hazard when used as intended.

Security risks

Avoid contact with mucous membranes
Get not in eyes

03. Composition / Information of Ingredients

Chemical Characterization

Combination of anionic and non-ionic substances.

04. First-Aid-Measures

After Eye Contact

Rinse under flowing water – seek medical advice if necessary

After Swallowing

Rinse, drink a lot of water – seek medical advice if necessary

05. Fire fighting measures

Extinguishing media

Foam, dry chemical, sand

Safety Data Sheet

According to Regulation (EC) No. 1907/2006 (REACH)

DENTAL

For safety reasons unsuitable extinguishing media

Do not use water jet

Special Hazards

None

Protective equipment

None– see section 8

06. Accidental release measures

After spillage or leakage absorb with liquid binding material, flush with water. Spilled product forms a slippery film on the ground.

07. Handling and Storage

Handling

Avoid contact with mucous membranes

Storage

Store frost-free

08. Exposure controls / personal protection

The product contains no relevant components with limits of values to be supervised at the workplace.

Personal protective equipment

Respiration

Not required.

Hands

Not required; if necessary wear protective gloves, use hand protection cream

Eyes

Not necessary when used as intended; wear protective glasses if necessary

09. Physical and chemical properties

Appearance

Form: Gel
Colour: Yellowish-green
Odour: perfumed

Relevant Safety Data

Vapour pressure: < 0,01 mbar
Viscosity: Thixotropic
Solubility in water: unlimited
pH Value: About 7
Flashpoint: > 100 °C

Thermal decomposition: No decomposition if used as intended
Hazardous Reactions: None

10. Stability and reactivity

Conditions to avoid

Stable if used as intended

Materials to avoid

In connection with chloride it may be possibly corrosive to mucous membranes.

11. Toxicological information

Moderately irritating to mucous membranes, acute non-toxic.

12. Ecological Information

The product is readily biodegradable and therefore meets the legal requirements for primary degradation under the Regulations for the German Detergent Law (version dated 04.06.1986). According to OECD classification classified as "readily biodegradable" (easily degradable). The tensides contained in this preparation comply with the decomposition criteria of Annex III of the Detergents Regulation No 648/2004/EEC.

13. Disposal information

Product

Can be supplied in compliance with the local regulations of a biological wastewater treatment plant.

Packaging

Can be refilled and is recyclable.

14. Transport information

No dangerous good in sense of national and international transport regulations.

15. Regulations

The product is not subject to a specific labeling preparation according the Hazardous Substances Ordinance dated 23.12.2004

S-Phrases

S 25 Avoid contact with eyes

Water Hazard Class

Class: 1 (self-assessment) – slightly hazardous for water
